WFC is committed to promoting equity and to improving the quality of life through services that foster empowerment and independence.

OUR GUIDING VISION:

To be the leading agent for positive social change.

Funding provided by:
CT Dept. of Education
& The Hoffman Foundation

*EXTENDED CARE AVAILABLE FOR ADDITIONAL FEE

S. T. A. R.

Before & After School Program

S.T.A.R. Before & After School Program

S.T.A.R. Program

The S.T.A.R. program exposes children to many forms of art and fields of science, requiring them not only to use their imagination, but also rely upon their growing knowledge of math and technology. Each thematic unit seeks to increase students' knowledge of the concepts introduced as well as their overall academic achievement in the classroom. Literacy is promoted through a series of reading and writing enrichment activities. Health and Wellness lessons are also incorporated into our curriculum throughout the school year. Students participate in team building games and learn how to make healthy life choices.

In the WFC

Before & After School Program, children are free to be creative and to express themselves through science, arts, literacy, math, and recreation.

THE BEST AFTER SCHOOL PROGRAMS DO TWO THINGS:

- ★ They engage students in fun activities that create a desire to learn.
- ★ They build on what students are learning during the school day to extend the knowledge they already have.
